Summary

Motivated Full Stack Developer with experience building web applications using React, Node.js, MySQL, and Redis. Skilled in developing scalable and user-friendly projects, including e-commerce and AI-based applications. Currently studying at Itahari International College, Bachelor's 3rd Year, and looking for opportunities to grow with a professional development team.

Experience

Full Stack Developer, Jan 2024

Self-Employed, Home

- Designed 3+ production level web applications independently — E-commerce, Project Management, Affiliate Marketing, and Yatra Sathi
- Developed scalable web applications, boosting user engagement by 30%
- Optimized database queries, improving data retrieval speed by 40%
- Utilized Agile methodologies, ensuring adaptive project management

Data Entry Intern, Mar 2025 - Apr 2025

Upakaar, Biratchowk, Nepal

Managed and accurately entered 500+ medical records with a near-zero error rate. Verified and corrected data discrepancies to maintain high data integrity standards.

Projects

Freedom Bazaar — Ecommerce platform

Teach Stack — *HTML, CSS, JavaScript, Node.js, Express.js, EJS, MySQL*

Developed a full-stack e-commerce platform with product management, game top-ups, subscriptions, real-time chat support, and admin dashboard features using Node.js, EJS, and MySQL.

Project Tracker & Management Tool

Teach Stack — *React, TypeScript, Tailwind CSS, Node.js, Express.js, MySQL*

Built a real-time project management system for teams with task tracking, notifications, and collaborative workflow management using React, TypeScript, and Node.js

Yatramind – AI Travel Companion

Teach Stack — *React, Tailwind CSS, Node.js, AI/ML*

Developed a full-stack e-commerce platform with product management, game top-ups, subscriptions, real-time chat support, and admin dashboard features using Node.js, EJS, and MySQL.

Cartify — E-Commerce Platform

Teach Stack — *HTML, CSS, JavaScript, Node.js, Express.js, EJS, MySQL*

Designed and developed a scalable e-commerce application with authentication, cart management, order processing, and admin control features.

Affiliate Marketing Nepal

Teach Stack — *React, Node.js, MySQL, Tailwind CSS, JavaScript*

Developed a centralized affiliate marketing platform for managing affiliate profiles, product promotion, and performance tracking in a single system.
